Subject
Cancellation of CE-450

Dear Mr. Forster,

On 28 August 2026 we received an email in which you informed us that you have decided not to continue with NMi as your Notified Body for module D certification services due to the transfer of your module D activities to SGS Fimko Oy, Finland.

In response to the abovementioned, the Certification Board decided to cancel the module D certification with number CE-450 of Socomec S.A.S., France.
According to Annex D item 7 of the directive, NMi shall inform its authorities and ask them to inform the Member States of the EU about its decision.

As result of this decision, it is not allowed for Socomec S.A.S. to place instruments on the market with reference 0122 to the CE marking after **19 October 2026**.

In case you wish to proceed with an audit in 2026 or 2027, the audit process will start again with an initial audit. Please be aware that the cancellation cannot be undone and that you then will receive a new certificate number.

Also be aware that you are not allowed to use our NMi marks for advertising and/or promotional purposes after the abovementioned date and to have a reference carrying out inspections under NMi recognition.

If you have any questions, please do not hesitate to contact us.

With kind regards,

Head Certification Board
