Withdrawal CE-413

Dear Mr. Robben,

On 5 July 2024 you received a letter from the Certification Board of NMI Certin B.V. that your module D certificate was suspended for 6 months. The suspension lasted until 15 March 2025 and could only be lifted if an audit was performed.

We have tried to contact you several times in order to schedule an audit. Unfortunately, we didn't receive any response from your side. For this reason, the Certification Board of NMI Certin B.V. decided to cancel the CE-413 certification of Xiamen ATP Technology Co. Ltd.

According to Annex D item 7 of the directive, NMI shall inform its authorities and ask them to inform the Member States of the EU about its decision.

As result of this decision, it is not allowed for Xiamen ATP Technology Co. Ltd., P.R. China to place instruments on the market with reference 0122 to the CE-marking after **1 April 2025**.

In case you wish to proceed with an audit in 2026, the audit process can be reinstated with an initial audit. Please be aware that the cancellation cannot be undone and that you then will receive a new certificate number.

If you have any questions, please do not hesitate to contact us.

With kind regards,  
NMI Certin B.V.
