Cancellation of CE-349

Dear Mr. Wadewitz,

In November 2020 Umarex GmbH & Co. KG applied to NMI for approval of its quality system for conformity assessment of measurement systems for Material Measures of length (MI-008) according to conformity assessment procedure module D of the Directive 2014/32/EU.

An initial assessment was performed on 12 February 2020 on the premises Franz Josef Bauer GmbH, Masstabfabrik (production facility for Umarex) to verify compliance of the quality system with the criteria of the directive. On basis of this assessment, NMI approved the quality system with Certification CE-349 on 29 December 2020

On 18 July 2024, you send us an email in which you informed us that you have decided not to continue with your module D certification.

In reply to the abovementioned, the Certification Board decided to cancel the module D certification with number CE-349 of Umarex GmbH & Co. KG. According to Annex D item 7 of the directive, NMI shall inform its authorities and ask them to inform the Member States of the EU about its decision.

As result of this decision, it is not allowed for Umarex GmbH & Co. KG, Germany to place instruments on the market with reference 0122 to the CE marking after **29 March 2025**.
